1	Letter No 5.8.27 from Mr P.K. Krishna Rao, Dolphin Club, Bangalore. Submits a note on the registration of the Dolphin Swimming Club, Bangalore.
	1st Remark of the C.S.O.: Govt may see the various requirements may be worked up into a Bill to secure to Bangalore their first Club House (Sd) H.H.J 14/8/27
	From the note put up it is apparent an association called by the name of Dolphin Club was started in the year 1921 under the auspices of the Boys Scouts of Bangalore with a view to give instructions in swimming to the general public of Bangalore in the Sampangi tank and that there were 200 persons who were said to have been given practical training in swimming since the Club was started
	There is a capital Cost of Rs 35th. and a recurring Cost of Rs 800 a year are said to be required from Government with the further [illegible] development of the Club and it is stated

NOTE—Contin. sheet.

eneral and Revenue Secretariat | File No 97 of 1927

that the Bangalore City Municipal Council have promised to contribute Rs 7500/ and that another further sum of Rs 2000/ is available

4 It is also proposed that Govt should contribute Rs 3000/- towards Capital Expenditure and Rs 500 to meet the annual charges.

5 As regards the proposed improvement to the tank and its surroundings, it is proposed that these improvements may be carried out by the municipal authorities with the help of Govt if necessary

6 The Bangalore City Municipal Bill, if approved, be Circulated in the usual

17/8/27 RK.

7 The City Municipality may perhaps be first consulted on the regulations made and how much of the improvement proposed they can undertake It should be possible for the Municipality to find the money required for this purpose from the Grant in aid they get and give some help for recurring expenditure

18/8

8 The Municipal Council may be consulted They may be asked that the Bill as urgent

Special Issue No 209

Bangalore 6850

15. AUG. 1927

Dated the 5th August 1927

15 AUG. 1927

Dear Mr Ramachandra Rao

I am enclosing herewith a typed copy of the "Note on the requirements of the Dolphin Club" for favour of submitting to the Dewan Saheb as desired by him.

Yours sincerely,

M S Ramachandra Rao, Esq , B A ,
Private Secretary to the Dewan of Mysore,
Bangalore

N O T E

It is generally recognised that swimming is not only one of the healthiest and pleasantest forms of exercise but that it is also a most useful accomplishment for every man and woman With a view to meet the demand on the part of the general public of Bangalore for being given instructions in this healthy and useful art an association called by the name of the Dolphin Club was started in the year 1921 under the auspices of the Boys Scouts of Mysore Since then two expert swimmers have been giving instructions every morning to men women, boys and girls of all communities in the Kempambudhi Tank which is peculiarly suited for the purpose by reason of its size depth and the large use made of by all classes of people for general bathing purposes More than 200 persons have been given good training in swimming since the club was started and some of these have rendered invaluable service in the saving of human lives from ----- drowning in the tank and elsewhere

The swimming instructors have till now been doing their work as a labour of love with little or no remuneration as the club has not been in a position to pay them any salary But it is not found possible to continue this arrangement indefinitely with the steady increase in the number of persons under training it has become necessary to arrange for the payment of a suitable salary to the instructors and also to provide for some of the indispensable requirements of the club

It is also necessary that the tank and its surroundings should be improved not only in the interest of the swimming club but also in that of public at large who daily resort to it largely for bathing sothat it may be inkeeping with the premier city of the State

A list of such requirements (1) those required solely in the interest of the swimming club (2) those required in public interest only is given below

(1) Requirements of the swimming club -

(a) Capital expenditure

Capital Outlay,

Boat house	1,300	
Buoys	250	
Steps to get down	200	
Dressing room for women	250	
Swimming pool	250	
Removing weeds	500	
Providing a motor for the boat	800	3,500/-

(b) Recurring charges -

Instructors' allowances @	20 and 10	per month	420	annualy
Watchman	11	"	132	"
Contingencies	5	"	60	"
Annual weeding clearing			100	
Contribution to the tournament			100	800/-

(2) Improvements required in the interest of the general public

(a) Capital Expenditure -

(1) Clearing the lantana in the neighbourhood and making a neat park for picnic purposes 500/-

(2) Putting up a fence towards the tank with wicket gates for entering into the swimming ponds and boats 1,000/-

(3) Putting up electric lights in the neighbourhood and providing an approach road available for car traffic 250/-

(4) Putting up one or more floating moles and purchasing a few boats and giving them for hire to the public 2 000/-

(5) Removing the present sewer pipe to a place more removed from public sight or as a latter alternative putting up an inverted siphon system and taking it underground 1 000/-

(6) Constructing two bathing ghauts one for men and the other for women with facilities for swimming 5 000/-

(7) Providing a motor boat and a watchman for attending to emergencie and if possible equip it with a telephone 1,000/-

(b) Annual recurring expenditure -

Providing a small sum of money for the up keep of the tank and clearing it from weeds 250 + 150 = 400/-

As regards item (1) requirements of the swimming club the Bangalore City Municipality have promised to contribute Rs 750/- and a further sum of Rs 200/- is available

The club has no means of finding the remaining amount required for meeting the capital expenditure as well as the recurring charges and has to depend therefore entirely on contributions from the ----- generous public bodies as any small subscription which may be ----- collected from the members of the club will be hardly sufficient to meet even the contingert charges Every attempt will be made by the club to meet a moiety of the charges both capital and recurring from subscriptions and contributions from the general public etc It is proposed that the Government may be pleased to sanction the grant of the other moiety Rs 3,000/- towards capital expenditure Rs 500/- to meet the annual recurring charges

As regards item (2) improvement to the tank and surroundings required on public interest these have to be carried out by the Municipality with such help as the Government may be pleaded to give It is requested that the Municipality may be instructed to carry out these improvements as early as possible the Government helping them with a substantial contribution for the purpose if necessary
